Squeezebox™ Radio

Small package. Big sound. A world of music over Wi-Fi.

- Plays Internet radio and digital music files over your home Wi-Fi network
- Big sound from a small package
- Social networking support
- Start listening within minutes
- See what you need in colour

Logitech® Squeezebox™ Radio connects to your home Wi-Fi network to bring a world of music to any space in your home. Tune in to thousands of free Internet radio stations, discover new music from services* like Last.fm and Deezer, or listen to your personal digital music collection, including DRM-free iTunes Plus downloads. If you're a Facebook user, you can share music recommendations and see your friends' statuses, recommendations and photos right on Squeezebox™ Radio. You'll be listening within minutes and see album art, track and station information, and more on the colour screen, so Squeezebox™ Radio is as fun for your eyes as it is for your ears.

* Registration/subscription may be required. Fees may apply. Services subject to change.
