CORSAIR®

SKU Live Date	
	10/29/2012
Intro Phrase / Tagline	**Corsair Hydro Series H55 – for low-noise, high-value all-in-one liquid cooling**
Product Full Name/Title	**Corsair Hydro Series H55**
25-Word Product Description	**The easy performance upgrade** Your PC will run cooler and quieter when you replace your CPU's standard heatsink with a Hydro Series H55. Installation is straightforward. If you can get to the back of your PC's motherboard, you can install an H55. All you'll need is a screwdriver.
50-Word Product Description	**The easy performance upgrade for your Intel CPU** Your PC will run cooler and quieter when you replace your CPU's standard heatsink with a Hydro Series H55. Installation is straightforward. If you can get to the back of your PC's motherboard, you can install an H55. All you'll need is a screwdriver. **Great for smaller cases** The compact components and flexible tubing make H55 easy to install even if you're cramped for space.
100-Word Product Description	**The easy performance upgrade for your Intel CPU** Your PC will run cooler and quieter when you replace your CPU's standard heatsink with a Hydro Series H55. Installation is straightforward. If you can get to the back of your PC's motherboard, you can install an H55. All you'll need is a screwdriver. **Great for smaller cases** The compact components and flexible tubing make H55 easy to install even if you're cramped for space.

Product Features	
	• Pre-filled, never needs refilling • Tool-free mounting bracket • Low-noise, low-speed 120mm fan • Flexible rubber hose for installation in tight spaces • Low-profile pump for easy installation and better airflow • Micro fin copper cold plate for superior heat dissipation • Low-profile black aluminum heat exchanger • Intel® Mounting hardware for LGA 115x, 1366, and 2011 • AMD® Mounting hardware for AM2, AM3, and FM1

Specs

	H55
Coldplate Material	Copper Micro Fin
Tubing Material	Low Evaporation Rubber
Radiator Material	Aluminum
Radiator Size	120mm x 152mm x 27mm
Fan(s) included	(1) 120mm x 25mm
Fan Max Speed	1700 RPM +/- 10%
Fan Airflow	57 CFM
Fan Static Pressure	1.9 mmH20
Fan Noise Level	30.32 dBA
Intel Mounting Hardware	LGA 115x, 1366, 2011
AMD Mounting Hardware	AM2, AM3, FM1

NOTE: The Hydro Series H55 require a 120mm fan mount location near the CPU in your chassis.

Typically the rear exhaust fan is replaced with by the Hydro Series cooler.
