

A black Plantronics Blackwire 700 Series headset is shown against a dark blue background. The headset features a large, padded headband, two large earcups with perforated speaker grilles, and a flexible boom microphone. The right earcup has a silver band with the letter 'R' on it. The boom microphone is positioned in front of the left earcup. The headset is reflected on a dark surface below it.

plantronics®

Corded reliability meets wireless flexibility

Blackwire® 700 Series

The premium UC headset to seamlessly manage calls from your PC or mobile device

Blackwire® 710/720

The versatile UC headset that offers high-quality PC audio and seamless Bluetooth® connectivity to mobile phones and tablets. Enjoy unmatched audio quality, industry-first Smart Sensor™ technology that automatically answers a call when you put on the headset, and a detachable cable for taking your mobile calls throughout the office.

KEY FEATURES

Innovative, flexible design

- Simple USB connectivity to your PC and detachable cable to take your mobile calls throughout the office
- Intuitive inline controls to answer/end PC and mobile calls, control volume, and mute
- Inline indicator lights and voice prompts give connection, mute and volume status

Intuitive performance

- Smart Sensor technology lets you answer a call by simply putting on the headset
- Smart Call Transfer automatically routes audio from the mobile phone to the headset whenever it's put on – and vice versa
- Built-in sensors provide contextual information, creating a long-lasting, adaptable platform

Unmatched sound clarity

- PC wideband audio with noise-cancelling microphones for high-quality PC telephony
- Dynamic EQ automatically adjusts audio settings between voice calls and music
- Digital Signal Processing (DSP) provides natural voice sound
- Integrated A2DP lets you listen to streaming media from your mobile phone or tablet

Included accessories

- Durable carrying case for easy storage and portability
